## HAIR BEAUTY & WELLBEING HAVEN

IN ASSOCIATION WITH

**milk  
shake**

We have created a new well-being training school, in the heart of Rugby for people to come along and socialise, receive treatments in Hair and Beauty from trained practitioners along side our attentive students.

The salon, known as Flaunt & Flourish, is situated in Rugby Central (formerly known as the Clock Towers).

In addition to an array of choices, customers may also join workshops, creative craft sessions, discussion groups and organised events.

*"We invite customers to come in, not just to purchase a treatment or a place at an event, but to feel a sense of well-being. Our aim is for people to find their inner happiness and leave with a spring in their step."*

*Mandy Neville. CEO, Circles Network.*

The students from Circles Academy will include young people with varying degrees of learning or additional needs including disability, anxiety, ADHD and Autism who want to help others and may benefit from learning in practical and vibrant settings with facilitators and practitioners who have an extra spark of compassion.
